ORGANIC

WORKSHOPS

## Your Premiere DIY Beauty Workshops

**Unique team-building  
experience**

**Zero-waste focus**

**Wellbeing initiative**

We teach groups to make organic beauty products. We share recipes, tips and knowledge about using natural ingredients in everyday personal care!

Our rewarding and engaging interactive workshops empower men and women of all ages to create natural beauty products.

Through our classes, your employees gain the long-term benefit of newfound skills *and* the tools to implement healthy lifestyle changes.

Most importantly: they'll feel confident about the products they use on their skin as they transition to a zero-waste, toxin-free beauty routine that's kind to both themselves and the planet!

*"We're now regulars at Lily's classes. She's a skilled and engaging facilitator!"*

### Types of Workshops

**Flexibility is key to us**

Available either online or onsite, we customise our workshops to suit your goals, group size and budget!

Online Live  
Classes (Zoom)

At Your Office  
(Melbourne area)

Workshops can range from  
30 minutes to 3 hours.

### Clients & Events

**Our reputation precedes us**

We've run workshops for  
The MCG, Servier, Hobson's Bay City  
Council, and more!

We have, and continue to participate  
in International Women's Day, Health  
and Safety Week, and Sustainability  
Week.

### Our Difference

**Our values define us**

Our instructor Lily is a French-  
Australian national who developed  
her passion and enthusiasm for all-  
natural beauty products in France.

Our workshops supply all the  
required equipment and use only  
Australian-sourced vegan and  
organic ingredients in reusable  
packaging.
